SUMMARY

Passionate Computer Engineer with hands-on experience in full-stack development (React.js, Node.js, Flutter) and e-commerce solutions. Developed and launched multiple online businesses, including BearBulk, managing everything from UI/UX design to backend architecture. Enthusiastic about scalable web applications, cybersecurity, and innovative tech solutions.

SKILLS

- Analytical Thinking.
- Adaptability.
- Project Management.

LANGUAGES

Arabic - Mother Tongue.
English - Fluent.

TECHNICAL SKILLS

Web & Mobile Development: React.js, Node.js, Flutter, HTML, CSS.
Programming Languages: JavaScript, Python, Java, C++, C, Dart, PHP.
Databases: MongoDB, SQL Server, Firebase, Oracle.
Version Control & Tools: Git, GitHub, Microsoft Excel/Word.
Operating Systems: Windows, macOS.
Others: AUTOCAD, 3D Printing.

EDUCATION

B.Sc. in Computer Engineering (2020 - 2025)
An-Najah National University.
Palestinian Tawjihi (2020)
The Holy Quran Academy School.

EXPERIENCE

Founder & Owner of BEARBULK (E-commerce sportswear brand) (2024 - Now)

- Designed and developed the BearBulk website, handling UI/UX, product listings, and payment integration.
- Launched and managed a sportswear e-commerce brand, overseeing marketing, logistics, and product development.

Web Development & Online Business Manager (2024 - Now)

- Designed, developed, and optimized multiple e-commerce websites, focusing on UI/UX and increasing sales growth.

PROFESSIONAL EXPERIENCE

Udacity

- Intro to Machine Learning with TensorFlow (Feb- March 2025)**
 - Completed hands-on projects involving supervised and unsupervised learning, neural networks, and model evaluation.
 - Built an Image Classifier and Customer Segmentation Model using TensorFlow, Scikit-learn, and Python.
 - Applied Gradient Descent, Decision Trees, SVMs, and Clustering for predictive modeling and data analysis.
 - Gained experience in resume optimization, personal branding, and career development workshops.

Ministry of Telecom & IT Palestine

- **Full-Stack Developer (React.js, Node.js, MongoDB) (Sep - Nov 2023)**

- Developed a complete sales management system with React.js (frontend), Node.js (backend), and MongoDB (database).
- Designed a responsive UI/UX for seamless desktop & mobile experience.
- Built a REST API using Node.js & Express.js to handle sales operations.

- **Web Developer (July - Oct 2023)**

- Developed and deployed a responsive web platform for Ministry of Tourism and Antiquities using HTML, CSS, JS, PHP.

CERTIFICATIONS

IEEEEXTREME 17.0

Ranked 3rd at the university level and 8th nationally in IEEE Xtreme 17.0.

Nasa Space Apps Challenge

The 1st Place at the national level.

The Holy Quran

Memorizing and reciting the entire Holy Quran.

VOLUNTEERING EXPERIENCE

Arab Innovation Network

An-Najah National University (2021-2024)

- President for An-Najah Branch 2023-2024.
- Organized Innovators Hackathon with 500+ students and multiple industry partners.

Institute of Electrical and Electronics Engineers

An-Najah National University (2021-2023)

- Participated in IEEE Xtreme 16.0 & 17.0 competitions, representing An-Najah University.
- Engaged in tech workshops and networking events with engineering students.

INJAZ Palestine

Nablus Branch (2023)

- Participated in mentoring and entrepreneurship programs for local students.

Let's Code Center

Nablus Branch (2015-2020)

- Coding Supervisor & Trainer – Taught programming to 100+ children, focusing on problem-solving and logic building.

COURSES

- **Project Management & Business:**

- PMI Certification in Project Management.
- Business Model Canvas & Marketing Plan.
- Design Thinking, Validation & Pitching Skills.
- Communication & Business Plan.

- **Cybersecurity & Tech:**

- Fortinet Certified Fundamentals & Associate in Cybersecurity.
- SDG's & Critical Thinking.
- Virtual Reality.

- **Technical Skills:**

- Python, Arduino, HTML, CSS, Java.
